Setting up the

Outlook App on iOS and Android

Configuration Outlook sur Android & iOS:

1. Download the **Outlook** app for **Android** from the Google **Play Store**, or for iOS from the **iOS App Store**, then open it. Press **“Start”** if it's the first time. If not, to add another email account, open the **Menu** > **Settings** > Add an account > Add an email account.

2. Enter your full mail **address** (prénom.nom@solutions30.com), then press **“Continue”**.

Add account

Enter your work or personal email address.

yourname@yourdomain.com

Microsoft might email you about the Outlook Mobile App. You can unsubscribe at any time. View our Privacy Policy.
